### Product features

- **Space saving** pop up socket.
- Capable of charging the latest tablets and phones.
- Features a built in **Bluetooth wireless audio speaker.**
- Includes an anti-trap safety feature : if someone leaves an object on the travel track while it is lowering, it will **automatically** stop and raise again after three seconds.
- The socket top features flashing **LED lights** when the unit is in motion
- Press 3 seconds to activated **children safety lock** that keep children protection from power.

## DG01 — Power Track

| Product features | Built-in power outlet track, length customizable |
|---|---|
| Material | Aluminum |
| Rated Voltage | 240V a.c. |
| Rated Current | 32 Amp maximum |
| Size | 610*80*35mm |
| Open hole size | 600*70*33mm |
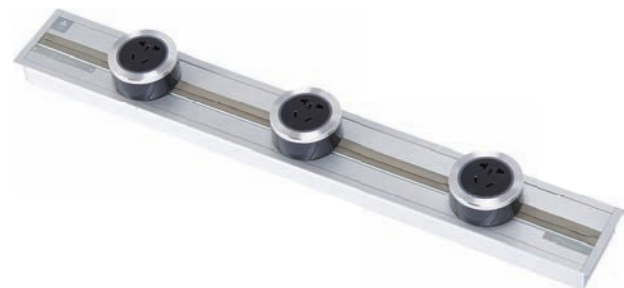

### Product features

- Elegant design – **Sleek and premium finishing.**
- **Flexible:** Add, remove and reposition power outlets adaptor anywhere along the power track.
- Safety: **GSS System** which grounds all conductive objects.

## DG02 — Power and Data Outlet Track

| Product features | Built-in power outlet track, length customizable |
|---|---|
| Material | Aluminum |
| Rated Voltage | 240V a.c. |
| Rated Current | 32 Amp maximum |
| Size | 610*80*57mm |
| Open hole size | 600*70*55mm |

## DG03 — Power and Data Outlet Track

| Product features | Hanging type power outlet track, length customizable |
|---|---|
| Material | Aluminum |
| Rated Voltage | 240V a.c. |
| Rated Current | 32 Amp maximum |
| Size | 600*100*30mm |
| Open hole size | 600*70*33mm |

## DG04 — Power & Cable Management Track

| Product features | Hanging type power outlet track, length customizable |
|---|---|
| Material | Aluminum |
| Rated Voltage | 240V a.c. |
| Rated Current | 32 Amp maximum |
| Size | 800*70*30mm |

## DG05 — Power and Data Outlet Track

| Material | Aluminum |
|---|---|
| Rated Voltage | 240V a.c |
| Rated Current | 32 Amp maximum |
| Size | 500*68*15mm |
| Cut Out Dimension | 491*60*19mm |
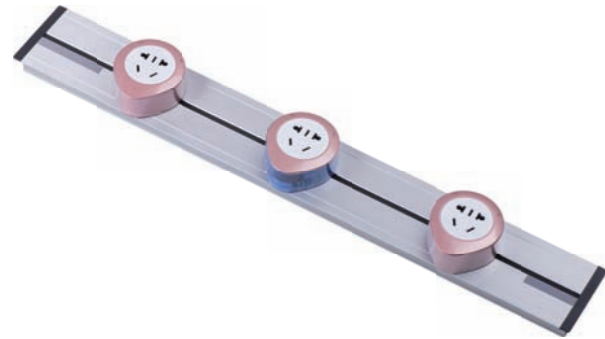

### Product features

● Built-in Power Outlet Track,Length Customizable
● Flush Mounting

## ZD001 — Built-in 3 port Charging USB

| Adaptor | 5V/3.1A or 5V/2.1A |
|---|---|
| USB Cable | 1.5m |
| Material | Fire retardant PC+ ABS |
| Finishes | Silver, White, Rose Gold |
| Size | Φ67*80mm |
| Open hole size | Φ50mm |

### Product features

● Multi-devices **fast charging**: 3 ports total 3.1A .Max 2.1A one port.
● **Space** saving USB charger fixed on tabletop or **sofa**.
● Has a simple installation process and is ideal for saving space in a sofa or tabletop.

## DG06 — Power and Data Outlet Track

| Material | Aluminum |
|---|---|
| Rated Voltage | 240V a.c |
| Rated Current | 32 Amp maximum |
| Size | 500*68*15mm |
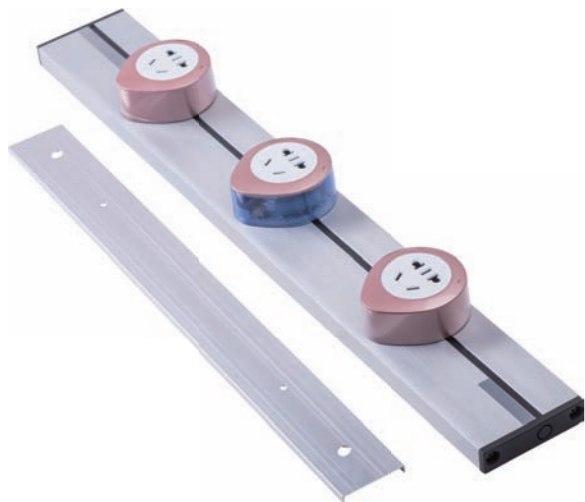

### Product features

● Built-in Power Outlet Track,Length Customizable
● Surface Mounting

## ZD002 — Built-in 3port Charging USB

| Input | AC100~240V, 50/60Hz, 0.15A Max |
|---|---|
| Output | DC 5V/3100mA |
| Power Cable | 1.5m |
| Material | Fire retardant PC+ ABS |
| Finishes | White, Black |
| Size | Φ67*80mm |
| Open hole size | Φ50mm |

### Product features

● Multi-devices **fast charging**: 3 ports total max 3.1A .Max 2.1A one port.
● **Space saving** USB charger fixed on tabletop or **sofa**.
● **Recessed neatly** in the surface of the furniture when not in use.
● A simple installation process by 4 screws fitting in 50mm hole.
● Has a **simple installation** process and is ideal for saving space in a sofa or tabletop.

# WASEM

## ZD003 — Built-in 3 port Charging USB

| Adaptor | 5V/3.1A or 5V/2.1A |
|---|---|
| USB Cable | 1.5m |
| Material | Fire retardant PC+ ABS |
| Finishes | Silver,White,Rose Gold |
| Size | Φ67*80mm |
| Open hole size | Φ50mm |

### Product features

● Multi-devices **fast charging**: 3 ports total 3.1A .Max 2.1A one port.
● **Space** saving USB charger fixed on tabletop or **sofa**.
● Has a simple installation process and is ideal for saving space in a sofa or tabletop.

## ZD004 — Built-in 3port Data USB

| Material | Fire retardant PC+ ABS |
|---|---|
| Size | 67*80mm |
| Open hole size | Φ50mm |
| Finishes | Silver, White, Black |

### Product features

● Muti-Devices :3 port
● Space saving USB data Fixed On table or sofa
● Has a simple installation process and is ideal for saving space in sofa or table
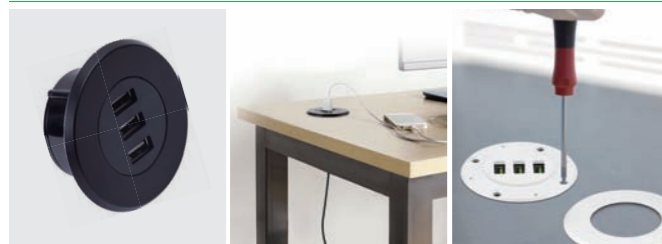

## YS01 — LCD Lift mechanism

| Feature | Save power. Power connection when LCD lift up and disconnection when disconnection. Protection of electrical components. Adjustable of angle for screen. |
|---|---|
| Suitable for | 17-21 inch screen |
| Control model | Manual control, Remote control |
| Voltage | AC220 Â± 10% 50Hz or 110V 60Hz |
| Material | Aluminum alloy+Steel |
| Finishes | Brushed silver, Brushed black |
| size | 620*140*705mm(for 21inch) |
| Open hole size | 605*120*702mm |

### Product features

● Save power.Power connection when LCD lift up and disconnection.Waterproof protection for electrical components. Automatically tilting angle for screen

## MA001 — Monitor Arm

| Material | Aluminum |
|---|---|
| Finishes | Anodized silver |
| Diameter | Φ58 |
| Size | 381mm or 750mm |

## WX01 — Built-in Wireless Charger

| Color | Black, White |
|---|---|
| Input | DC 5V/2A |
| Output | Wireless DC 5V/1A |
| Diameter | Φ76mm |
| Cut out size | Φ 60mm |
| Fitting USB cord and Adaptor | |

## WX02 — Built-in Wireless Charger

| Color | Black, White |
|---|---|
| Input | DC 5V/2.0A,9V/1.8A |
| Output | Wireless 5W,7.5W,15W |
| Diameter | Φ76mm |
| Cut out size | Φ 60mm |
| Fitting USB cord and Adaptor | |

## PX001    Folding desk

| Feet | 3.0 MM, hot rolled steel |
|---|---|
| Frame | 3.0 MM clod rolled steel, electrostatic painting |
| Partition | 1.0 MM, cold rolled steel,electrostatic painting |
| Castor | 2pcs 2inch nylon black casters with lock and 2 without lock |
| Features | Stable, strong |
| Application | Meeting room, training room, hotel multi-function hall, classroom, top restaurants |

## PX002    Folding desk

| Feet | 3.0 MM, hot rolled steel |
|---|---|
| Frame | 3.0 MM, cold rolled steel, electrostatic painting |
| Partition | 1.0 MM, cold rolled steel,electrostatic painting |
| Castor | 2pcs 2 inch nylon black casters with lock and 2 without lock |
| Features | Stable, strong,with,paririon |
| Application | Meeting room, training room, hotel multi-function hall, classroom, top restaurants |

## PX003    Folding desk

| | |
|---|---|
| Feet | 3.0 MM press-casting aluminum,chroming |
| Frame | 1.8MM aluminum |
| Partition | 1.0 MM, electrostatic painting, black |
| Castor | 2 inch nylon casters, with lock and without lock |
| Features | Beautiful appearance generous,with control device of opening and closing |
| Application | Meeting room, training room, hotel multi-function hall, classroom, top restaurants |

## PX004    Folding desk

| | |
|---|---|
| Feet | 2.0 MM, cold rolled steel，square tube |
| Frame | 2.0 MM cold rolled steel |
| Partition | 1.0 MM, electrostatic painting, black |
| Castor | 2 inch nylon casters, with lock |
| Features | Stable, strong |
| Application | Meeting room, training room, hotel multi-function hall, classroom, top restaurants |

## TT01    Manual Lifting Column

| | |
|---|---|
| Type | Manual, with folding rotating handle |
| Adjustable height | 310-730mm |
| Top plate | 300*300*310mm |
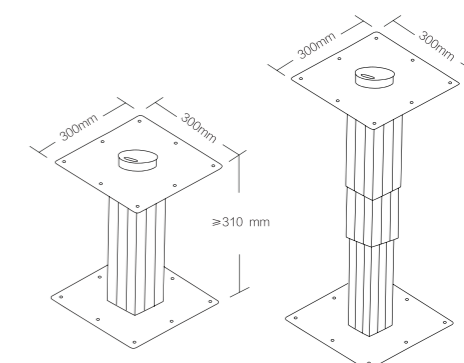

## TT02     Hydraulic Lifting Column

| Type | hydraulic actuation,manual adjust,with cylinder inside |
|---|---|
| Adjustable height | 410~710mm |
| Top plate | 295*295*410mm |

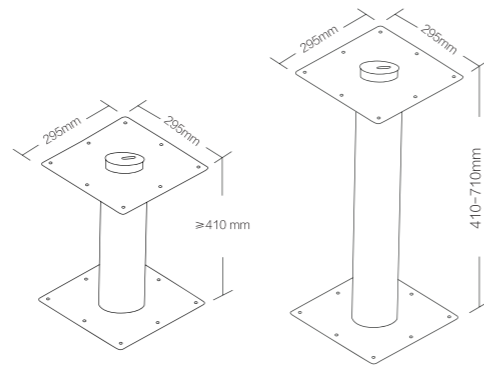

## TT03     Electrical Lifting Column

| Type | electrical lifting,with wireless controller |
|---|---|
| Adjustable height | 310~725mm |
| Top plate | 300*300*310mm |
